Put the right sides of the 3 inch sail squares together with the right sides of the two 3 inch sky squares. Stitch ¼ inch on either side of the drawn diagonal line. Cut on the drawn line and press and trim the squares to 2 ½ inches. You will have 4 of these sails, put them together as you would a four patch. Add one 2 ½ inch by 4 ½ inch sky rectangle to each side of the 4 patch sail section. This completes the top section. Set aside.

Take the boat rectangle piece and sew one 2 ½ inch sky square on each end. Sew on the drawn line, then trim the excess and press.

Sew the boat section to the water rectangle, then add the top section
